II. COMMUNITY FORUM & NON-AGENDA COMMENT

- **Matt Yagyagan, representing District 9 Councilmember Georgette Gomez:**
 - Matt updated the Board on Proposition B, which changed the City's employee retirement system as well as the pending proposition covering expansion of the San Diego Convention Center and homeless assistance, with funding through a proposed hotel tax. The proposition(s) failed to gather the necessary signatures to qualify for the November 2018 ballot.
 - Council member Gomez will be meeting with SANDAG, along with Mayor Faulconer's senior staff, to discuss storm water issues in the Talmadge neighborhood, as well as proposed Bikeway plans. Recommendations from KTPG will also be addressed by Ms. Gomez. This is a closed meeting and no area representation has been requested.
 - Matt will be transitioning to covering the City Heights neighborhood at the end of August. A new person will be hired as a District 9 representative to cover Kensington/Talmadge. The Board thanked Matt for the excellent assistance he has provided to KTPG and wished him well in his new endeavor.

- **Toni Duran, representing Senate Pro Tempore Toni Atkins**
 - The August 2018 edition of the Toni Times was distributed. It can also be viewed on Senator Atkin's website at <http://sd39.senate.ca.gov/>.
 - Ms. Duran commented on the funding for the expansion of cancer treatment resulting from the new state budget (which took effect July 1, 2018) making it unnecessary for SB-945 to move forward.
 - Noting the success in July for the fourth year of **Socks for Stand Down** (providing clothing for homeless veterans), Ms. Duran thanked the Kensington/Talmadge communities for their part in contributing to the 6,339 new pairs of socks and 669 new undergarments which were collected.
 - Don Taylor requested that Senator Atkin's office check for available public grant funding which covers lead abatement. Board member Fred Lindahl specified his interest in lead abatement covering historic structures.

- Community Plan Liaison David Moty related information about MTS from a recent MTS newsletter. Four of the top ten MTS bus routes in the San Diego system are within the Kensington/Talmadge areas.

III. SUBCOMMITTEE ITEMS

- **Transportation** - Chair: Sean Harrison
 - Traffic diverter plans were discussed
- **CIP & Planning**- Chair: David Moty
 - Ideas were discussed for dealing with future parking problems which may arise from upcoming regulations that would allow new housing to be constructed with little or no parking.
 - David spoke with Ricardo Flores of LISC while leaving a meeting with Councilmember Gomez. Earlier this year, Ricardo Flores met with the CIP & Planning Committee to discuss a focused plan amendment to promote redevelopment in the Little Saigon District. It would ease permitting requirements, include additional low-income housing and might include a parking structure. In Committee, concerns focused on the promotion of development before the Aldine infrastructure and other infrastructure issues have been resolved, as well as concentration of low-income housing in a particular area which is specifically contrary to the General Plan.
- **Project Review** - Chair: Ken Horsley
 - No Meeting
- **Communications** - Chair: David Moty
 - No Meeting
- **Kensington MADs** - Chair: Don Taylor
 - Don Taylor moved to approve the MAD report of July 25, 2018. Seconded by David Moty. **The vote to approve was unanimous.**
 - Kensington Heights MAD
 - ◇ Circuit #2 is scheduled/budgeted for design work this year. It could take up to three years to fully fund the entire CIP.
 - ◇ The city is considering replacing the existing Empire Lights to allow installation of luminaires with LED node technology.

 - ◇ Painting some of the existing posts was discussed. Review of the CIP funds for this TPN MAD indicate this is not currently possible. Lead abatement issues make the project more expensive.
 - ◇ Don Taylor will be checking with the city regarding timing of the circuit upgrade for TPN.
